Conspiracy Theorist
Someone who questions the statements of known liars

The term "conspiracy theorist" was a term made popular by the CIA to stop critical thinkers from asking questions about J.F.Kennedy assassination? In a memo called "Countering criticism of the Warren report", the CIA set out to make the term "conspiracy theorist" weapon to be used against anyone who questioned the government's secret activities and programs.

It is curious that the "6 million Jews" trope has existed long before the holocaust industry embraced it as the number of their brethren gassed in Nazi ovens. What a remarkable coincidence. 🤔

What this isn't is "Holocaust denial," although holocaust true-believers and those with a vested interest that NO ONE ACTUALLY STUDIES OR RESEARCHES UNIMPEDED the actual record will scream Holocaust denial. If anything these pictures (which most have never seen because they have been censored) invite much more investigation and discussion.

This essay by The Saker might be the most important thing you have read for awhile.

"There is no doubt that the 9/11 false flag (now even admitted (by direct implication) by NIST!) was a watershed, a seminal event in our history. While millions (or even billions) watched in horror as the twin towers burned, A SMALL GROUP OF MOSSAD AGENTS STOOD NEARBY AND DANCED IN OVERWHELMING JOY. Why exactly were these Israelis dancing? Turns out Obama's former White House Chief of Staff Rahm Emanuel's daddy (Benjamin Emanuel, "a Jew from Russia whose real name was Ezekiel Auerbach") was a terrorist with the Irgun in Palestine before and after 35 mostly immigrant Jews in Tel Aviv declared Israel independence on May 14, 1948 based on absolutely no rule of law or any other lawful justification.

Importantly, all should know that Wikipedia is not to be trusted to house such information reliably as it censors inconvenient disparaging facts about Zionists regularly. Fortunately, others were watching and kept these records. 🙄

Never give a dime to Wikipedia.

Did you know the founder of Zionism **encouraged** anti-Semitism as a way to manipulate us?

"It is essential that the sufferings of Jews... become worse... this will assist in realization of our plans... I have an excellent idea... I shall induce anti-semites to liquidate Jewish wealth... The anti-semites will assist us thereby in that they will strengthen the persecution and oppression of Jews. The anti-semites shall be our best friends"

"That doesn't mean there weren't deaths because of measles in 1962. There were, but they were very rare. For instance, in the six New England States (Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, and Connecticut) there were just 16 deaths attributed to measles. Some states had zero that year. It just wasn't as huge of a problem as you might think today with all the rage and panic."

THIS IS PRETTY HUGE. It should be used front and center to resist AND REVERSE laws in states mandating vaccines. Though they are fans of vaccines, they admit there "no rigorous safety studies" demonstrating vaccine safety. And they admit many, many more negatives as well.

When vaccine true-believers go on their hysterical, inane, knowledge-free rants, THIS is the rebuttal from a very highly respected source in their world you should invoke. What, the true-believer knows more than these "experts?"

But you should probably get a series of Ebola vaccines, nevertheless. Can you really be too well-protected? They are, like, totally "safe and effective" (although no actual science exists, similarly with all other vaccines which too have none, that this assertion is true and correct). Still, doctors spend hundreds of thousands of dollars to belong to the allopathic cult of medicine and the majority of Americans have been hoodwinked, bamboozled, and run amok to passively believe whatever doctors say, even on topics such as nutrition about which they have little or no actual knowledge, so who the fuck are you to dissent? Just get in line, roll-up your sleeve and do what you are told.

If you fail to comply, everyone will know you are either an irresponsible conspiracy theorist or a Russian agent tasked by Vladimir Putin to help take down the American dream...and stuff. 😏

20 Things You Don't Know About Polio

1. A pesticide common in the 1800's was called Paris Green. A green liquid because it was a combination of copper and arsenic or lead and arsenic. Some of the most toxic substances known to humankind. This super toxin was also used as a dye, in many items, including wall paper and paint. It was the sole focus of murder mystery novels at the time, as arsenic was known to be a very efficient way to stage a murder "for unknown reasons", as arsenic kills but is hard to detect after the victim succumbs to the poison. <http://bit.ly/2urZvqqu> and <http://bit.ly/2wL5tPT>
2. This pesticide worked by causing neurological damage in the bugs, causing organ failure.
3. Polio consists of symptoms synonymous with neurological damage, causing organ failure.
4. Heavy metal poisoning from lead, mercury and other similar heavy metals manifest lesions on neurological tissues, meaning the toxin destroys the nerve/communication pathways connecting the brain to the organs in the body. <http://bit.ly/1OLcFgG>
5. Polio victims present lesions on neurological tissue, that cause the organs to malfunction all around the body. (lungs, heart, nerves that control walking etc)
6. Polio outbreaks hit throughout the summer, only during pesticide spraying times. (not the sunless and damp winter/spring seasons regarding other disease outbreaks)
7. Polio had and has NO ability to spread from infected victims to the uninfected. Polio infected clusters of people in the exact same areas, suddenly and swiftly. <http://bit.ly/1P6zShV>
8. Parents report finding their children paralyzed in and around apple orchards. One of the most heavily pesticide sprayed crops of the time (with lead arsenate or copper arsenate) were apple orchards. <http://bit.ly/2wL5tPT>
9. President Roosevelt became paralyzed over night while at a summer retreat, which contained many crops, including apple orchards. He also swam the day prior in a bay that was heavily polluted by industrial agricultural run off. Summer again is when these paralysis based outbreaks would occur, as spraying of crops with extremely toxic chemicals would intensify as the crops hit a fully mature state. The pesticides we're talking about were

"There is no doubt that the 9/11 false flag (now even admitted (by direct implication) by NIST!) was a watershed, a seminal event in our history. While millions (or even billions) watched in horror as the twin towers burned, A SMALL GROUP OF MOSSAD AGENTS STOOD NEARBY AND DANCED IN OVERWHELMING JOY. Why exactly were these Israelis dancing? Surely there was more than just Schadenfreude in this ... See More

Fascinating information about countermeasures Syrian Army Tiger forces use against Jihadists and other enemies. If ever Israel, whose forces train against the brave children of the Gaza Strip, encounter these Syrian units, Israel is in for a devastating shock. 😏

Time for the Trump team to terminate the Mueller Gestapo and Grand Inquisition, plus oust the Deep State toady Deputy Attorney General Rod Rosenstein. Then get the Republicans to have some backbone and support these decisions, which means the whining, hypocrites known as Democrats will be impotent to do anything about it. Next, appoint all new Department of Justice leaders to go after Hillary Clin... [See More](#)

Hack versus leak? This is at the core of the beginning of the Russiagate Hoax and always has been. The FBI would never know the real answer to this question because they refused to do an actual forensics investigation of the DNC computers which housed the evidence of the crimes of fraud against Americans by Hillary Clinton, John Podesta, Debbie Wasserman Schultz and the DNC to deny Senator Bernie Sanders the legitimate Democratic Party nomination he deserved. Curious omission that. And, of course, corporate US media conveniently didn't highlight any of this either. B}

Exactly. No corporate media (propaganda) outlet can begin to compare favorably.

IN THEIR ENTIRE HISTORY WIKILEAKS HAS NOT HAD TO RETRACT ONE SINGLE STORY AS FAKE NEWS.
They have won every court case that challenged their info. Every single one
No other popular media network can
